

Announcement of CGS International Securities (Thailand) Co., Ltd.

No. 8/2026

Re: Discontinuation of CBOE BATS Exchange (Europe/UK)

In an effort to streamline our product offerings, effective 01 May 2026, we will no longer offer market access to CBOE BATS.

What this means to you:

This means that effective 01 May 2026 all CBOE BATS price feeds will no longer be available, and CBOE BATS stocks/instruments will be removed and can no longer be bought.

However, any existing CBOE BATS positions you have with us will continue to be visible in your Portfolio, in the Positions menu on the ProsperUs trading platform, and reflected on your account statements. Your ownership of CBOE BATS stocks and instruments you hold will remain unchanged.

If you currently hold CBOE BATS positions with ProsperUs, you can continue to maintain them with us. While you will not be able to add new positions, you will still be able to sell your existing CBOE BATS positions after 01 May 2026.

We regret any inconvenience this change causes you. Should you have any questions, please contact Cross Border Trading Department at 02-821-8100 press 1 and 4 or bk.cbt@cgsi.com.

Announcement dated 31 March 2026
